# **IPL Auction**

#### Flow of Event:

#### **Preliminary Round:**

- Teams express interest in participating in the IPL Auction.
- Preliminary screening conducted if the number of interested teams exceeds a manageable limit.

#### **Main IPL Auction Event:**

- Selected teams participate in the auction.
- Each team is given a virtual budget to bid for players in various categories.
- Players are categorized based on their skill level, experience, and other relevant factors.
- The auctioneer presents each player, and teams bid using their virtual budget.
- Bidding continues until all teams have filled their roster or exhausted their budget.
- Teams can strategize, collaborate, and compete to build the best-balanced team.

### **Points System:**

- Each player is assigned points based on their category, performance history, and other attributes.
- Categories may include batsmen, bowlers, all-rounders, uncapped players, etc.
- Points are calculated based on the selected players and their assigned categories.

### **Team Building:**

 Teams need to strategize to build a competitive squad within their budget constraints.  Balance is crucial, as a team's success depends on the collective performance of its players.

#### Winner Determination:

- The team with the most points at the end of the auction is declared the winner.
- Points are calculated based on the players they successfully bid for.

### **Selection Criteria:**

- Teams are selected based on their expression of interest and may be subject to preliminary screening.
- No specific player selection criteria; teams have the freedom to bid for any player within their budget.

### **Points System for Players:**

- Players are categorized, and each category has a specific point value.
- Points may be assigned based on factors like international experience, recent performance, and playing role.
- The sum of points for all players on a team determines their total points.

# Winner's Ranking Criteria:

- The team with the highest total points at the end of the auction is declared the winner.
- The emphasis is on strategic bidding and assembling a team with the best balance and potential for success.

### **Other Associated Rules:**

- Duration of Event: Depends on the number of participating teams and the pace of the auction.
- Venue: Virtual or physical venue, as specified for the IPL Auction.
- Budget: Teams are provided with a virtual budget for bidding.
- Prizes: Recognition, certificates, or trophies for the winning team.
- Player Categories: Clearly define categories and corresponding point values for players.
- Bidding Rules: Outline the bidding process, increments, and any special rules for strategic bidding.
- Team Collaboration: Teams can collaborate during the auction but must bid individually.
- Prelims: Preliminary screening may be necessary if there is a high demand for participation. Teams expressing interest are evaluated to ensure a manageable number for the main auction event.
